

# Marine Monitors So Bright... You May Need Sunglasses!

In fact, we'll buy you a pair of Costa Del Mar sunglasses with your monitor purchase!\*

These remarkably stunning displays are the perfect choice for any bridge.

Furuno marine electronics have always been the highest quality and most reliable available, so the fact that we have introduced multi-function marine monitors that have instantly become the industry standard is no surprise. Whether you connect these sunlight viewable monitors to your Radar, PC, DVD, Satellite TV or cameras, you can bet you will light up the harbor!
