FOR IMMEDIATE RELEASE

FURUNO USA, DENTON, MARYLAND... PROMOTES MOORE AND STEVENS

CAMAS, WA. -- Furuno U.S.A., industry leader in marine electronics for the commercial and recreational markets, has promoted Tim Moore to the position of General Manager over their Denton, MD facility.

Moore has been with Furuno for ten years, most recently serving as the company's Assistant General Manager of its Denton, MD operations. As Furuno's new East Coast General Manager, his responsibilities will include supervision of all departments at the East Coast facility. According to Moore, his main goal will be to maintain and even expand the capabilities of the staff to better assist our customers and provide the best possible service. Starting back in 1996, Moore has risen through the ranks to his current position. Prior to joining Furuno, Moore was in the U.S. Coast Guard for 6 years.

"We are extremely pleased to promote Tim to this important position," said Rick Walls, Operations Manager of Furuno U.S.A. "Providing superior customer service is a high priority for Furuno, and we're confident that Tim will help us make great strides to keep our East Coast operations progressing."

Former East Coast General Manager, John Stevens, has taken on the newly created position of Technical-Government Support Liaison. "With the advent of Furuno's U.S. Coast Guard and other government contracts, it has become imperative for Furuno to provide a dedicated sales and support person for this important market segment," commented Walls. "With John's range of technical expertise and government knowledge, he was the logical choice for this position."

For more information on Furuno's full line of award winning marine electronics, contact: Furuno U.S.A., 4400 N.W. Pacific Rim Blvd., Dept. P, Camas, WA 98607. Phone: (360) 834-9300. Fax: (360) 834-9400. Online boaters can also check out Furuno U.S.A.'s Internet Web site (www.Furuno.com).
