FURUNO USA BECOMES NORTH AMERICAN DISTRIBUTOR FOR MAXSEA PC NAVIGATION SOFTWARE

Furuno USA, Inc. has become the sole distributor of MaxSea PC navigational software for all of North America. The software will be distributed through Furuno's technical dealer network in both the U.S. and Canada. In addition to conducting sales of the MaxSea software, Furuno USA, Inc. will be providing technical support as well.

Several configurations of the MaxSea software are available from Furuno, including MaxSea Navigator +, an entry level package; MaxSea Commander, a more advanced version; and MaxSea Explorer, which is the top of the line software that includes features such as 2D/3D chart presentations, Personal Bathymetric Generator (PBG) and MaxShell. In addition to these MaxSea specific applications, Furuno USA, Inc. also distributes the new MaxSea-NavNet versions of Commander and Explorer that allows Furuno customers who own either NavNet1 or NavNet vx2 systems to interface them with their PC and share information.
