FURUNO

How to Download and Prepare an SD Card for GP16/1870F Update

1. Software and instructions for updating units in the field can be found on our website under the software tab on the product page for each Plotter display. Download the new software for the GP1670F/1870F to your PC.

2. Your PC may ask you if you want to Run or Save the file. Please save the file to your PC in a known location.
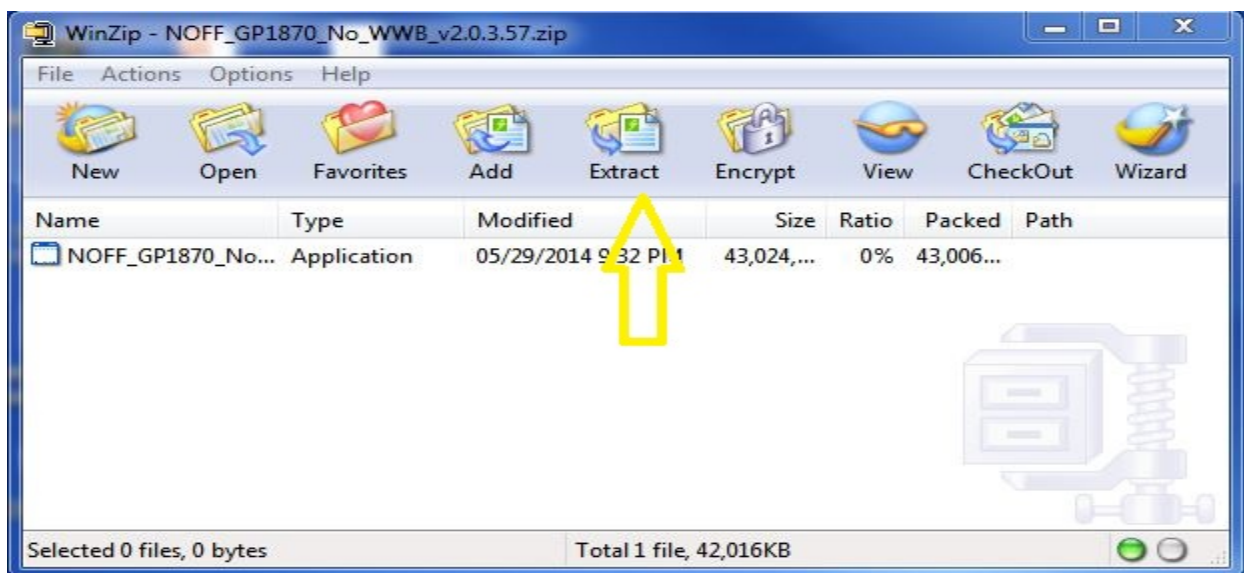

Do you want to open or save **UPLOADER.zip** (107 MB) from **www.furunousa.com**?   Open   Save ▾   Cancel   X
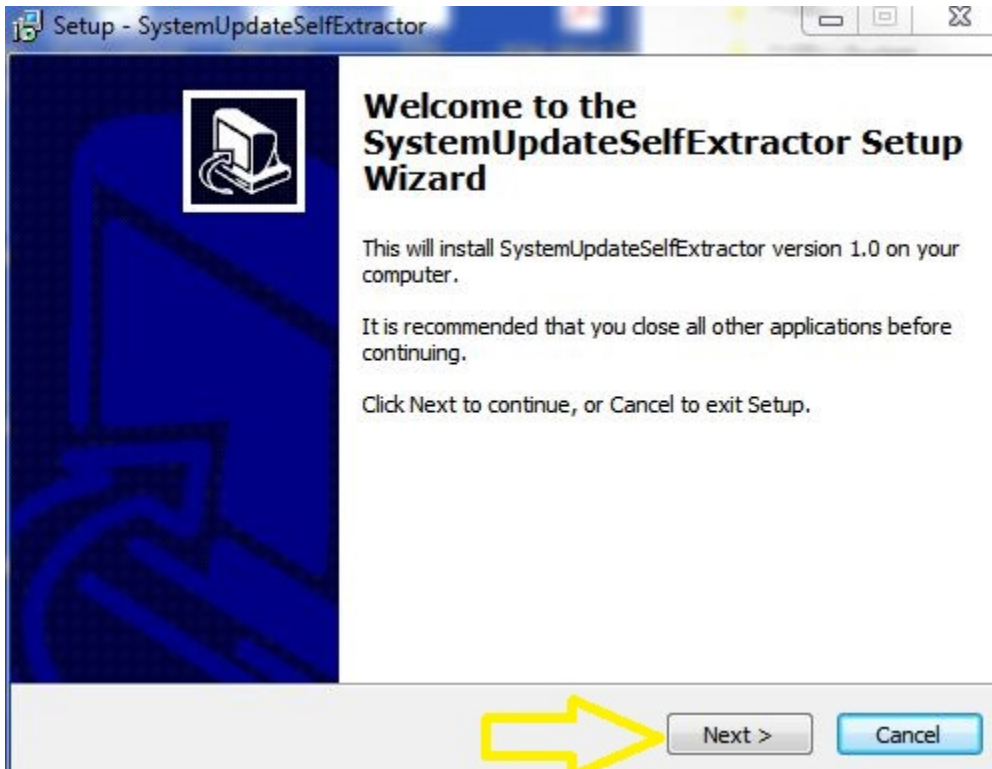

3. Navigate to the software file you just saved to your PC.

NOFF_GP1870_No_WWB_v2.0.3.57.zip   06/12/2014 4:49 PM   WinZip File   41,999 KB
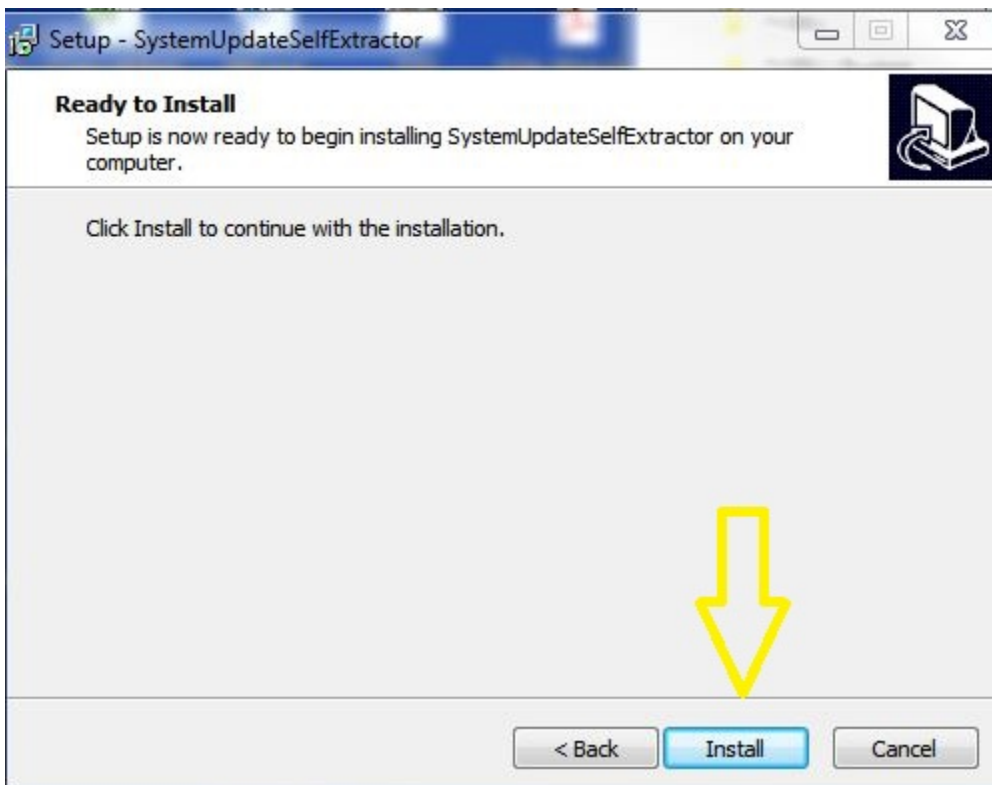

4. Double Click on the .zip file to open it and prepare for extraction.

WinZip - NOFF_GP1870_No_WWB_v2.0.3.57.zip

File   Actions   Options   Help

Name	Type	Modified	Size	Ratio	Packed	Path
NOFF_GP1870_No...	Application	05/29/2014 9:32 PM	43,024,...	0%	43,006...	

Selected 0 files, 0 bytes   Total 1 file, 42,016KB

5. Once you click on "Extract" the following screen will appear:

**6. Click on the "Next" button and the following screen appears:**
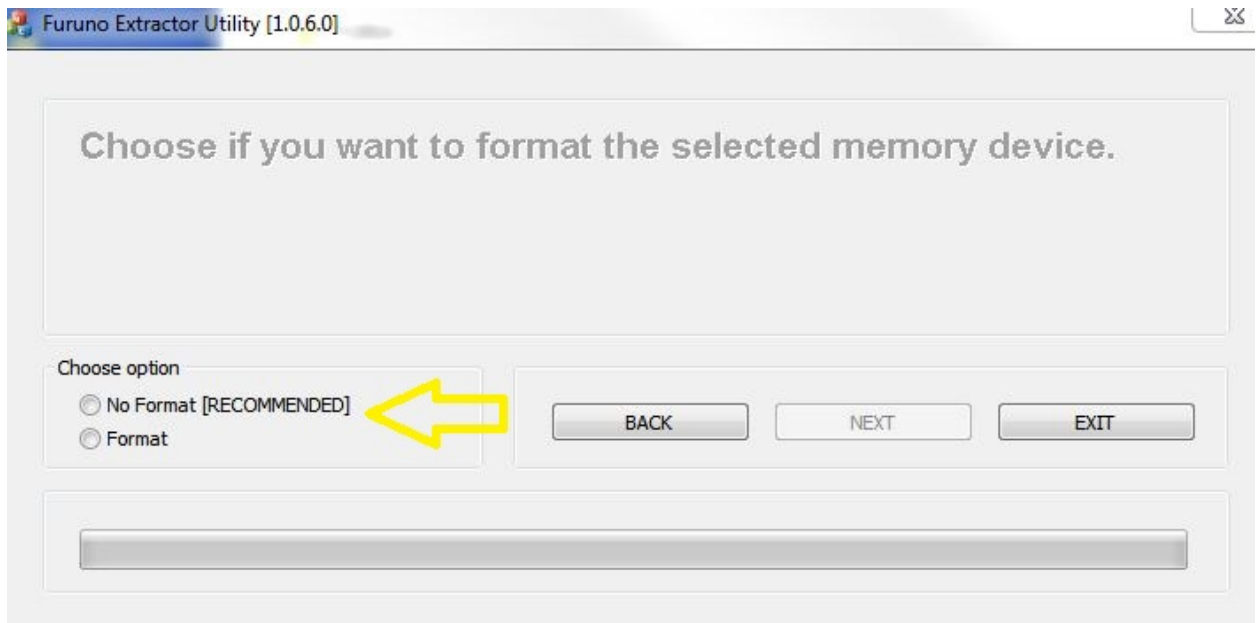

7. Click on "Install" and the following screen appears:

Furuno Extractor Utility [1.0.6.0]

Insert the memory device then click "NEXT" button.

| BACK | NEXT | EXIT |

8. At this point, please insert a blank formatted SD card into your PC and click next.

9. The following screen will appear:

Furuno Extractor Utility [1.0.6.0]

Click "NEXT" button to confirm the selection.

Memory device
F: [Size 2 GB]

| BACK | NEXT | EXIT |

10. Choose your SD card in the "Memory Device" drop down box, then click "Next". The following screen will appear:

11. Choose "No Format" and click on "Next"

12. The software file will now be extracted to your SD card. Once completed, press "Exit" to end the process.

13. You are now ready to remove your SD card from your PC and update your Furuno GP1670F or GP1870F.

14. See the "How to update your GP1670F/1870F" document under the software update tab of the GP1670F/GP1870F on www.furunousa.com
